ProActive ReSolutions is pleased to present an official two-day Workshop on the newest version of the world’s leading violence risk assessment instrument. Take advantage of this rare opportunity to learn how to use the Historical-Clinical-Risk Management-20, Version 3 (HCR-20\textsuperscript{V3}) from Dr. Laura Guy, lead author of the supplementary materials. The Workshop is taking place 20-21 November, 2014 in Sydney, Australia.

The HCR-20 is a set of guidelines for comprehensive violence risk assessment and management based on the Structured Professional Judgment (SPJ) model. It is used in correctional, forensic, and general or civil psychiatric settings worldwide. Version 3 of the HCR-20 builds upon the success of Versions 1 and 2, which have been translated into 20 languages and adopted or evaluated in more than 35 countries. Subjected to clinical beta testing and empirical evaluation, Version 3 promises to be even more clinically useful than its predecessors. See the HCR-20 website for more information about Version 3: http://www.hcr-20.com.

The HCR-20\textsuperscript{V3} was officially launched in April 2013 in Edinburgh, Scotland. Be among the first to learn about Version 3 from the lead author of the supplementary materials!

**WHY ATTEND?**

**Develop your skills**
Build your expertise when making decisions about cases that involve violence risk and develop your skills when communicating with others about these cases.

**Implement best practices**
Learn about best practices in assessing and managing violence risk by authors of the HCR-20\textsuperscript{V3} to help you prevent future harm and protect you from liability.

**Network with others**
Strengthen your relationships with other professionals with a shared interest in and responsibility for violence risk assessment and management.

**WHO SHOULD ATTEND?**

The Workshop accommodates varying levels of experience in violence risk assessment and management, from beginner to advanced. It is relevant for diverse professionals including (but not limited to) health care, criminal justice, victim services, security, social service, education, and human resources who want to develop their skills assessing and managing violence risk.

**WORKSHOP INSTRUCTORS**

ProActive ReSolutions’ instructors are internationally recognized experts, prolific authors, and engaging presenters. They have been involved in developing, implementing, and evaluating risk assessment procedures. They are passionate about providing evidence-based understanding, knowledge and skills about violence risk assessment and management that professionals can apply in practice. They have delivered training for diverse professionals around the world, on every continent except Antarctica.
Workshop Overview

The HCR-20\textsuperscript{V3} Workshop focuses on essential knowledge and skills related to administration of the instrument. It is suitable for those who have no familiarity with the HCR-20, want a refresher course, or have never attended a training led by one of the authors.

Day One

Principles of violence risk assessment and management
- Discuss key concepts and general principles related to violence risk assessment and management
- Learn to administer the HCR-20\textsuperscript{V3} with a focus on developing formulations of violence risk

Day Two

Assessing and managing risk for general violence
- Complete a practice case using the HCR-20\textsuperscript{V3}
- Discuss issues in risk communication and report writing

Daily Schedule

The Workshop runs from 9:00am to 4:30pm both days, with morning and afternoon tea and a lunch break from 12:00pm to 1:00pm.

Registration is from 8:30am to 9:00am on the first day of the Workshop.
