ProActive ReSolutions is pleased to present an official two-day Workshop on the only Structured Professional Judgment (SPJ) instrument for assessing medium to longer-range risk for violence among youth. The Workshop is taking place 17-18 November 2014 in Sydney, Australia.

The Structured Assessment of Violence Risk in Youth (SAVRY) is a set of guidelines for comprehensive violence risk assessment and management for adolescents and transition age youth based on the Structured Professional Judgment (SPJ) model. It can be used in correctional, forensic, and general or civil psychiatric settings. The SAVRY is used widely around the world, with ongoing studies in Canada, the United Kingdom, the Netherlands, Germany, Singapore, Poland, Sweden, Finland, Norway, Spain, and the United States.

**WHY ATTEND?**

**Develop your skills**
Build your expertise when making decisions about cases that involve violence risk and develop your skills when communicating with others about these cases.

**Implement best practices**
Learn about best practices in assessing and managing violence risk by an experienced user, researcher, and teacher of the SAVRY to help you prevent future harm and protect you from liability.

**Network with others**
Strengthen your relationships with other professionals with a shared interest in and responsibility for violence risk assessment and management among adolescents and transition age youth.

**WHO SHOULD ATTEND?**

The Workshop accommodates varying levels of experience in violence risk assessment and management, from beginner to advanced. It is relevant for diverse professionals including (but not limited to) health care, criminal justice, victim services, security, social service, education, and human resources who want to develop their skills assessing and managing youths' violence risk.

**WORKSHOP INSTRUCTORS**

ProActive ReSolutions’ instructors are internationally recognized experts, prolific authors, and engaging presenters. They have been involved in developing, implementing, and evaluating risk assessment procedures. They are passionate about providing evidence-based understanding, knowledge and skills about violence risk assessment and management that professionals can apply in practice. They have delivered training for diverse professionals around the world, on every continent except Antarctica.
Workshop Overview

The SAVRY Workshop focuses on essential knowledge and skills related to administration of the instrument. It is suitable for those who have no familiarity with the SAVRY, or who want a refresher course.

Day One

Principles of violence risk assessment and management
- Discuss key concepts and general principles related to violence risk assessment and management
- Learn about major developmental concepts relevant to violence risk assessment and management with youth
- Learn to administer the SAVRY with a focus on developing management strategies for violence risk

Day Two

Assessing and managing risk for general violence
- Complete a practice case using the SAVRY
- Discuss issues in risk communication and report writing

Daily Schedule

The Workshop runs from 9:00am to 4:30pm both days, with morning and afternoon tea and a lunch break from 12:00pm to 1:00pm.

Registration is from 8:30am to 9:00am on the first day of the Workshop.

Dr. Laura Guy
Laura Guy is an Assistant Professor at the University of Massachusetts Medical School. She has a doctorate in clinical-forensic psychology. Her work focuses on forensic assessment, the role of mental disorder for violence risk, and violence risk assessment and management with adolescents and adults. Professor Guy also works as a Threat Assessment Specialist at ProActive ReSolutions Inc.

She is the (co) author of over 125 articles, chapters, reports, manuals, and presentations and has facilitated numerous Workshops on violence risk assessment and management around the globe.
